CAREX FEATHERFALLS

Plant looks great 12 months of the year!

June 2020

Carex Featherfalls is recent introduction of a variegated Carex grass. This variety is vigorous filling out a gallon container in about 10 weeks from a 72 cell liner and a 10" container in about 16-18 weeks. It can be grown in quarts, gallons, 8 inch and even 10 inch containers. It is hardy in zones 5-9, will take full sun without burn and does well in the shade also. Picture below shows Carex Featherfalls in 10" container that gets full afternoon sun in NE GA.

Carex Featherfalls are available in both 128 cell and 72 cell trays.
